

TEXT/SMS COMMUNICATIONS CONSENT FORM

Text Messaging/Emails and Online Access Consent/Decline Form

The Heart Center of Memphis can now communicate with patients and or their care givers, using simple messaging service(SMS) text messages and emails. These can be received with an appropriate device i.e. smart phone or tablet and can include appointment reminders and other non-urgent information from the clinic.

These information in these messages, should not be solely relied upon. If you have any question about the message that you have received, please contact the staff at The Heart Center of Memphis at 901-507-6600.

The messages are generated using a secure system however, they are transmitted over public networks to a personal device and as such are not secure. The practice will not transmit any information that would enable an individual patient and/or care giver to be identified without prior consent. You can cancel these services at any time.

Please tick the appropriate box below

I*CONSENT/DECLINE (delete as appropriate) to the practice contacting me by text/email for the purposes of information and schedule reminders.
